### SLIPPERY ELM

**Slippery Elm** is a gentle and soothing herb for the stomach, intestines and urinary tract. It is an excellent food in convalescence and debilitated states, especially when digestion is weak. It is also nutritious when taken regularly and a good baby food. It can bring instant relief from acidity, diarrhea and gastroenteritis. Applied externally, it softens and protects the skin.

Its soothing properties relieve conditions such as: Dryness of the [Respiratory](#) Tract, Constipation, Irritable Bowel Syndrome, Colic, Hemorrhoids, Diverticulitis, Coughs, Sore Throat, Cold& Flu, Bronchitis, Ulcers, and Nausea
